Structure, governance and management

Type of governing document

The organisation is a SCIO. It is governed by its constitution, in which are the purposes and administration arrangements.

The organisation was registered as a Charity by the Inland Revenue on 24th June 2016

Trustee recruitment and appointment

The organisations trustees are appointed or reappointed at the annual general meeting and can hold office for a minimum of 1 year. Members of the committee shall retire annually at the AGM but the committee shall have powers to co-opt and appoint should a vacancy occur during the year.

The Orkney Island Sea Angling Association is run completely by volunteers and the management committee meets regularly throughout the year.

Objectives and activities

Charitable purposes

The provision of recreational facilities and activities by providing opportunities to take part in sea angling and boat trips in the Orkney Isles whatever the abilities, physical conditions, age and sex of participants to benefit their health and wellbeing.

Summary of the main activities in relation to these objects

The main activities of the organisation is to organise sea angling trips throughout the year. These are divided into competitions and pleasure days. The 7 competitions each year. The competitions also decide who qualifies to fish for Orkney in the intercounty with Shetland each year. Pleasure days can involve catching 'for the table', or trying new areas or species to target. Beginners have delight just in catching mackerel on strings of feather lures, before trying for bigger fish such as ling and cod.

The clubs boat 'Welcome Home' is an elderly converted trawler, and requires an annual refit and paint where she is lifted onto the pier in Stromness for several weeks in spring. Most all of the maintenance to wooden parts (hull, decking, wheelhouse and accommodation), and painting is carried out by club members. Safety certificates and equipment are maintained by one of the club skippers, including the boat's MCA testing.

Achievements and performance

Summary of the main achievements of the charity during the financial period

To continue to keep the club boat 'Welcome Home' in a good state of repair for usage this year, and complete maintenance work that could be achieved. The major boat safety survey due this year has been completed and a lot of repair work was done on the hull along with full repaint and engine servicing.

This has cost a lot extra this year and has put a strain on the club finances but hopefully, a good summer should allow plenty of trips which will boost the funds.

Brief statement of the charity's policy on reserves

Because we are depended on the Welcome Home to operate, we can have issues with breakdowns and expensive repairs. Also the club is weather dependant and this can affect the club funds.

We try and keep a club balance over the year of at least £5000 and have £10000 banked prior to any major refit/survey.

This has worked but given inflation, we are at risk falling below these figures.

Details of any deficit

Donated facilities and services (if any)

The time and skill given by members towards the maintenance of the 'Welcome Home' allows the continuing use of a club boat. Skippers and crew, who both receive payment at a greatly lesser rate than commercial vessels, make the trips possible, and club members keep a weather eye out at all times to keep the boat safe 365 days a year, in all weathers.

Charter sea angling work by the 'Welcome Home' is also essential to fund the boat's costs. This charters must be booked, organised and honoured for people who travel from near and far, some returning year after year.
