What the charity does: Parenting Across Scotland (PAS) is a membership organisation. We work together with our members, partners and stakeholders to help realise our vision - a Scotland where all parents and families are valued and supported to give children the best possible start in life. We achieve this by. 1. Listening to parents and carers to understand their priorities. 2. Using the evidence we gather to influence legislation and national policy. 3. Sharing good practice through our newsletter and themed webinars and events. 4. Developing our own projects to gather our own evidence of what works for families.

Beneficiaries: 'Children or young people', 'People with disabilities or health problems', 'People with a particular ethnic or racial origin', 'Other defined groups'

Objectives: 4.1 To advance the prevention and relief of poverty of families through being an effective public voice for parents and families in influencing public policy. 4.2 The relief of those in need by reason of ill-health, disability, financial hardship or other disadvantage through being an effective public voice for parents and families in influencing public policy. 4.3 The advancement of education through the provision of an online database which contains practices, research and policy for parents and practitioners in Scotland.
