Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the provision of recreational facilities, or the organisation of recreational activities, with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: The charity exists to provide relief to those caring for those living with dementia. Inevitably, this also means providing facilities for those family members with dementia. The group meets every week to engage in stimulating and amusing activities and regularly throughout the year goes on outings to further extend the experience for those who can so often feel incarcerated by the illness. More recently the group has provided an opportunity for those carers who have become bereaved to meet together to provide mutual support. One again, the charity arranges events for these members.

Beneficiaries: 'Older People', 'People with disabilities or health problems'

Objectives: 4.1 The provision of recreational facilities, or the organisation of recreational activities with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended. 4.2 The relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage. The above purposes will be furthered through the following activities: Provide care and support for those families living with a diagnosis of dementia related conditions. Provide stimulation, social interaction and inclusion within the community for families living with a diagnosis of dementia related conditions. Raise awareness of dementia within the community and to help to remove the stigma that is often associated with it. Promote the aims of the organisation through liaison with relevant agencies at local and national level.

Geography

- **Main operating location:** East Lothian
- **Geographical spread:** A specific local point, community or neighbourhood
