## Activities

---

**Activities:** 'It makes grants, donations, loans, gifts or pensions to individuals', 'It makes grants, donations or gifts to organisations', 'It carries out activities or services itself'

**Purposes:** 'the advancement of education', 'the advancement of health', 'the advancement of animal welfare'

**Beneficiaries:** 'No specific group, or for the benefit of the community'

**Objectives:** To promote across society matters that benefit both human and animal health and the advancement in the treatments, therapies, medicines and procedures available to humans and animals in tandem, for the public benefit, by all or any of the following means: a. Advance awareness and campaign for change to regulation, control, policy and legislation in matters that benefit both human and animal health by addressing and influencing the general public and parties deemed by the charity to be relevant. b. Foster collaboration between human and veterinary medical practitioners and academics, through the sharing of knowledge and experience from clinical practice in matters with direct or potential reciprocal benefit to the health and wellbeing of both humans and animals. c. Education in matters of clinical relevance to both human and animal health. d. Direct and indirect involvement with research in areas of relevance to both human and animal health. e. The advancement of treatments, therapies, medicines and procedures for the reciprocal benefit of both humans and animals by any other means. f. The progression of awareness, collaboration and education in matters that benefit both human and animal health by any other means. As a consequence, to relieve the unnecessary suffering of animals and preserve the good health of humans and animals.
