5.0 FINANCIAL REVIEW

The total income for the period was **£251,914** (£128,615 as restricted funds and £123,299 as unrestricted funds). The total expenditure for the period amounted to **£307,268** (£247,244 as restricted funds and £60,024 as unrestricted funds) resulting in a deficit of **£55,353*** for the financial year.

The primary source of funding comes from the regular donations of church members, collections during services, and various grant sources.

The largest expenditure for this financial period has been the costs associated with the purchase and refurbishment of the new building (Woodside Parish Church) followed by ongoing building maintenance and upkeep. There has also been a significant increase in donations, primarily attributed to the establishment of a restricted fund for the new building project.

All services held by Grace Baptist Church are free of charge, ensuring that the message of the Gospel is offered without obligation. However, those who attend regularly are encouraged to contribute to the church's work, as giving is both encouraged and exemplified in the Bible.

**It is important to note that the deficit for the year is not a cause for concern. This shortfall is primarily due to the purchase and refurbishment of the new building (Woodside Parish Church), which has been carefully budgeted for. While there is a deficit, the church has planned for this and has a financial cushion in place.*

6.0 RESERVES POLICY

The church's reserves policy is to maintain sufficient free reserves to enable it to meet its short-term financial obligations in the event of an unexpected revenue shortfall to allow the church to be managed efficiently and to provide a buffer to ensure uninterrupted activities for the church.

7.0 PLANS FOR THE FUTURE

The church plans to continue the ministry groups that have been established with a view to exploring further opportunities to reach and support people in our local community.
