Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of human rights, conflict resolution or reconciliation', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: Trauma Informed Parenting exists to bring an awareness of the trauma informed approach, especially for families with children that have suffered trauma or are neurodivergent. They do this by offering fully funded online and in person workshops across Scotland and further, to parents and care giver how to apply this approach and offering on going support. TIP help the adults to change dysfunctional generational patterns of behavior by seeing the behavior through a lens of stress and fear. When he adults learn to work through their own trauma and choose to respond from a regulated state in these worst moments they can offer connection compassion and curiosity instead. Children feel seen and understood, co-regulation can occur. Behaviors reduce, children learn to repair and learn new healthy ways to express big hard emotions. Relationships and connection improve and children become more successful.

Beneficiaries: 'Other defined groups'

Objectives: The organisation's purposes are: (j) The advancement of human rights conflict resolution and reconciliation -to promote repair and connection in relationships and reduce the fight and flight response in previously reactive children. To teach parents to de-escalate potentially explosive interactions. (n)The relief of those in need-to support placements in crisis and prevent families breaking down. To support parents to better support children suffering from trauma. To build a safe and loving environment for traumatised children to learn to heal.

Building the volunteer program

Future plans-

- The aim in 2025 is to increase the number of workshops to 144, reaching 2520 participants.
- Starting funded monthly online School staff workshops with [REDACTED] and Volunteer [REDACTED]
- Glasgow workshops phase 2 will start.

- Volunteers training-safeguarding, train the trainer and [REDACTED] certification fear to love training.
- Secure more support group funds to increase the 121 sessions as these are extremely popular and make a big change
- Grow the 8-week sessions for others to deliver.
- Creating support for those on the group to encourage them to attend a workshop.

Points for discussion-

- Bring [REDACTED] on full time if funding allows, we could start this in July which is 2 months earlier than planned but in line with funding.
- [REDACTED] becoming a part time employee may be a more cost-effective use of funds but tricky as different funds cover this.

- Secure support group funds to increase the 121 sessions as these are extremely popular and make a big change, increasing to 8 sessions each.
- Fundraising suggestions.
- Growing the 8 week sessions for others to deliver. Starting a pilot this year?
- Book keeping and help with accounts and finance is something we need to consider as we grow.
- Business health check via EDVA.
- Contracts for Myself and [REDACTED]
- [REDACTED] is originally a co-founder, can this be changed?
- Address of TIP will change to Bishopbriggs
- Are we considering health and safety?
- Are all decisions in line with TIPs purpose?
