Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: To set up and provide access to regular exercise and support for local children and young adults with various levels of autism. The group has grown and we would like to provide support to more young people with learning and language difficulties since many are awaiting a formal diagnosis. To assist children with exercise activities and skills as well as learning new skills. We currently offer this support for a minimal cost per week (approx. £2.50) per child. We would like to take members out on day trips to some places which are not normally accessible for our families due to the support needed and the funds required to take their children out.

Beneficiaries: 'People with disabilities or health problems'
