## Contact

---

Address	80 Brookfield Road Hucclecote GL3 3HJ
Website	<a href="http://www.wouldntchangeathing.org">www.wouldntchangeathing.org</a>

## Activities

---

**Activities:** 'It carries out activities or services itself'

**Purposes:** 'the advancement of education', 'the promotion of equality and diversity', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

**What the charity does:** The Charity was set up to raise awareness and change negative perceptions of Down syndrome and to provide support to parents, carers and families of those with DS. We raise awareness by running social media campaigns that demonstrate what life is actually like with a person with Down syndrome, the 'lived experience'. We have also created a new parent book that is designed to support new and expectant parents. This book focuses on lived experiences that are typical of the majority of real people with DS. We provide these books free of charge to support groups and maternity units across the UK. More recently we have been providing grants to support groups to help fund gift baskets for new and expectant parents which contain our book, small gifts and information regarding support. We also fund training for parents and carers in Makaton sign language, helping children with DS with maths and their writing skills.

**Beneficiaries:** 'People with disabilities or health problems', 'Other defined groups'

**Objectives:** 4 The organisation's purposes are: 4.1 the promotion of equality and diversity to eliminate prejudice and lack of acceptance felt by those with Down Syndrome from the general public by utilising various media to put positive, modern representations of individuals with Down Syndrome into the public domain. 4.2 the relief of those of need by reason of disability by the provision of support to pre-natal, new and existing parents of children with Down Syndrome through the provision of positive literature, parent-led presentations and online support services. and 4.3 the advancement of education by informing professionals in public and private organisations about Down Syndrome. Including, but not limited to, how best to engage with them and their families as well as the benefits of employing them within their organisation.

## Geography

---

- **Main operating location:** Outwith Scotland
- **Geographical spread:** More than one local authority area in Scotland
