Accounts

Trustees Report

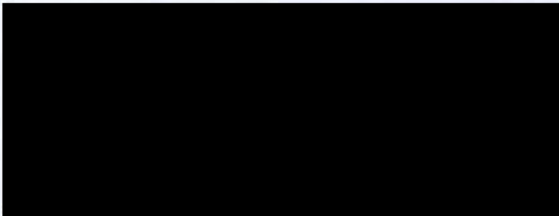

A continual improvement in attendance by Hall Users, from divergent groups, on a regular basis, has led to increased income.

The boundary wall has also been made safe, which frees up the Emergency Exit. This has meant we can now accommodate up to 120 people allowing us to also increase income from Fund Raising events.

We have also replaced the remaining Hall Keeper's House upstairs windows.

Our original aim was to break even within 2 years after Covid closed the Hall for more than 2 years, when we lost all our income, but had to maintain the property.

Although the cost of maintaining the property is costly, having now replaced all the upstairs windows during the last 2 years, it is anticipated that this current year should provide a surplus, so that we can carry on making improvements as we have done in the past 35 years while we have had a lease.
