Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of the arts, heritage, culture or science'

What the charity does: Friends of Glasgow Royal Infirmary (FOGRI) is a registered charity founded in 2020 with the purpose of advancing heritage, culture, and science by establishing and maintaining a museum within Glasgow Royal Infirmary (GRI), and by celebrating its rich history and medical legacy. We have created a museum where visitors, including schoolchildren, can explore the hospital's contribution to global medicine. In addition to heritage preservation, we promote sustainability through the maintenance of medicinal and biodiversity gardens and by hosting beehives within the hospital grounds.

Beneficiaries: 'People with disabilities or health problems', 'No specific group, or for the benefit of the community'

Objectives: The organisation's purposes are: 4.1 the advancement of the heritage, culture and science, by-
4.1.1 establishing and maintaining a museum within the Glasgow Royal Infirmary for the benefit of the public.
4.1.2 celebrating the heritage and history of the Glasgow Royal Infirmary through staging events and exhibitions for the benefit of the public. and 4.2 such other charitable purposes as are charitable, not falling under the preceding subclauses and that may reasonably be regarded as similar to any of the preceding objects

Friends Of Glasgow Royal Infirmary SCIO

Report of the Trustees for the Year Ended 31 May 2024

The trustees present their report with the financial statements of the charity for the year ended 31 May 2024. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The organisation's purposes are the advancement of heritage, culture and science by:

- establishing and maintaining a museum within the Glasgow Royal Infirmary for the benefit of the public;
- celebrating the heritage and history of the Glasgow Royal Infirmary through staging events and exhibitions for the benefit of the public; and
- such other charitable purposes as so not follow under the preceding objects, but may be reasonably regarded as fulfilling similar goals.

Significant activities

Since setting up in March 2021 the Trustees have undertaken the process of fundraising towards its primary objective of creating a museum to celebrate the history of the Glasgow Royal infirmary and its contributions to the people of Glasgow since 1794. The Trustees are pleased to say that the museum opened its first exhibition on 31st May 2022, covering the groundbreaking work of Joseph Lister, Rebecca Strong and John MacIntyre, as well as a fascinating insight into the history of the buildings of the GRI from 1794 to the present day.

The exhibition celebrating the life and work of Sir William Macewan completed in October 2024. This was supported by a grant from the Friends of Glasgow museum and was a huge success. The Macewan exhibition has now been replaced with the smallpox exhibition which launched in October 2024, looking at the impact of smallpox worldwide.

The charity also hosted a book-signing by Lindsey Fitzharris of her 3 books - the Butchering Art, the Facemaker and Plague Busters, which was a huge success.

The medicinal garden and Royal Infirmary officially opened in the spring of 2024, significantly enhancing the museum experience. The garden design includes the nature drawing created by schoolchildren at the local school. Grants from Edringtons, Friends of Glasgow museums, Incorporation of gardeners along with generous plant donations from the West end Garden Centre helped to create the wild flower meadow and medicinal garden.

The bees are continuing to thrive this year despite the poor summer. We continue to run a sponsor a bee programme and celebrated World Bee Day on the 20th May this year. The medicinal garden will be a welcome source of food for the bees in the coming year.

Donated facilities and services

The work of the Charity would not be possible without the support of the Glasgow Royal Infirmary itself, on who's grounds the museum and bee garden are hosted at no cost to the Charity.

FINANCIAL REVIEW

Financial position

The charity reported a surplus of £13,390 in the year (2023: £8,539).

Friends Of Glasgow Royal Infirmary SCIO

Report of the Trustees for the Year Ended 31 May 2024

FINANCIAL REVIEW

Reserves policy

The Trustees have agreed a reserves policy of the organisation to ensure the smooth running of future events, expansion of the gardens and maintaining the life of the bees. The organisation aims to always hold reserves of at least 3 to 4 months operating costs and this requirement has been achieved at year end.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is governed by the provisions of its constitution and constitutes a Scottish Charitable Incorporated Organisation (SCIO), as defined by the Charities and Trustee Investment Act (Scotland) 2005. It has a single tier structure and as such the trustees are the members of the charity.

Recruitment and appointment of new trustees

The constitution of the organisation requires that there must be between 3 and 12 trustees at any time, to manage the activities of the charity. The Trustees, having considered the needs of the organisation and with regard to this requirement, may appoint trustees to the board.

Organisational structure

The Trustees hold regular meetings to discuss the business of the charity and decide upon actions required to further the objects of the charity, including but not limited to monitoring and controlling the financial position of the organisation.

The Trustees of the charity are also required by its constitution to be members of the SCIO as the Charities and Trustee Investment (Scotland) Act 2005 requires that certain decisions can only be made by the members of the organisation.

**Independent Examiner's Report to the Trustees of
Friends Of Glasgow Royal Infirmary SCIO**

Independent examiner's report to the trustees of Friends of Glasgow Royal Infirmary SCIO ('the charity')

I report to the charity trustees on my examination of the accounts of the charity for the year 1 June 2023 to 31 May 2024.

Responsibilities and basis of report

The charity's trustees are responsible for the preparation of the accounts in accordance with the terms of the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Accounts (Scotland) Regulations 2006 (as amended). The charity trustees consider that the audit requirement of Regulation 10(1) (d) of the 2006 Accounts Regulations does not apply. It is my responsibility to examine the accounts as required under section 44(1) (c) of the Act and to state whether particular matters have come to my attention.

Basis of independent examiner's statement

My examination is carried out in accordance with Regulation 11 of the 2006 Accounts Regulations. I am a chartered accountant who holds and a practising certificate with ICAS (institute of Chartered Accountants Scotland). An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeks explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently I do not express an audit opinion on the view given by the accounts.

Independent examiner's statement

In the course of my examination, no matter has come to my attention which gives me reasonable cause to believe that in any material respect the following requirements have not been met:

- the requirement to keep accounting records in accordance with Section 44(1) (a) of the 2005 Act and Regulation 4 of the 2006 Accounts Regulations
- the requirement to prepare accounts which accord with the accounting records and comply with regulation 8 of the 2006 Accounts Regulations.

I further confirm that there are no matters to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Friends Of Glasgow Royal Infirmary SCIO

Notes to the Financial Statements for the Year Ended 31 May 2024

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities and Trustee Investment (Scotland) Act 2005.

The financial statements have been prepared under the historical cost convention.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings - 10% on reducing balance

Fixed assets are initially recognised at cost and subsequently measured at cost less accumulated depreciation and impairment.

Taxation

The charity is exempt from tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Annual Report 2025

Message from the Chair

It has been another busy year for the Friends of Glasgow Royal Infirmary. Highlights include music recitals, new exhibitions and our annual participation in Doors Open Days. Our bees have also been busy with another bumper crop of honey produced for sale at our Christmas Carol Service.

Our popular #musicinthegri concert series has been a great success, featuring compositions performed by the Resol Quartet to celebrate the history of Glasgow Royal Infirmary.

The 'Smallpox' exhibition, our second major exhibition, was a great success and launched with an excellent talk by Dr Peter Davies, a registrar training in Infectious Diseases. Our current exhibition 'Sunshine on a Dull Day' is on display until the end of 2025. This is a project that was formed in conjunction with the Renal Unit and Art in Hospital showcasing patient artwork alongside an exhibition about the history of dialysis.

The medicinal and biodiversity gardens continue to flourish thanks to dedicated volunteers and support from Evelyn Partners this summer.

Our December Carol Service at the Cathedral, featuring children from St Mungo's Primary School, provided a lovely festive close to 2025. As we move into 2026, many more events are planned to further engage the community and celebrate GRI's remarkable legacy.

 Chair of Friends of Glasgow Royal Infirmary

February 2025

Introduction

Friends of Glasgow Royal Infirmary (FOGRI) is a registered charity founded in 2020 with the purpose of advancing heritage, culture, and science by establishing and maintaining a museum within Glasgow Royal Infirmary (GRI), and by celebrating its rich history and medical legacy.

We have created a museum where visitors, including schoolchildren, can explore the hospital's contribution to global medicine. In addition to heritage preservation, we promote sustainability through the maintenance of medicinal and biodiversity gardens and by hosting beehives within the hospital grounds.

Glasgow Royal Infirmary from The Necropolis

The following are just some of the notable people associated with GRI:

- Joseph Lister who discovered anti sepsis while working in GRI in 1860-1869
- John McIntyre formed the world's first x-ray department in GRI in 1902
- Rebecca Strong, our first matron, trained under Florence Nightingale and revolutionised the profession of nursing
- William Macewen performed the world's first brain operation in GRI 1879
- Ellen Brown Orr – the first woman to practise general surgery in Scotland 1911

Structure and Governance

Friends of Glasgow Royal Infirmary (FoGRI) is a Scottish Charitable Incorporated Organisation (SCIO) governed by its constitution, adopted in 2020. The Board of Trustees meets regularly to oversee governance, strategy, and compliance. Trustees bring expertise from healthcare, science, business, and heritage sectors.

For more information about Friends of Glasgow Royal Infirmary, please visit our website at www.friendsofgri.org. We are on YouTube, Bluesky, Facebook and Instagram @friendsofgri. We can be contacted at info@friendsofgri.org

Key Achievements and Activities 2024–2025

This year has seen continued growth in our activities, outreach, and public engagement. Major achievements include:

- Delivery of a year-long “Music in the Museum” concert series, supported by the Hugh Fraser Foundation and Creative Scotland.
- Successful exhibitions including “Smallpox” and “Sunshine on a Dull Day” featuring patient artwork created with Art in Hospital.
- Hosting of Doors Open Days 2025, welcoming hundreds of visitors to explore the museum and gardens.
- The official opening of our Medicinal and Biodiversity Gardens, with support from community volunteers and partners.
- Ongoing maintenance of three active beehives and the sale of “Royal Honey” to fund museum operations.
- Educational talks, guided tours, and outreach with community groups and the NHS Greater Glasgow & Clyde Health Board.

Visitors

Museum opening times are Tuesday -Friday from 11am-3pm, and Saturday 12-4pm. Visitors from all over the world have signed our visitors book and 152 have left reviews on Trip Advisor. We have been awarded a TripAdvisor travelers award in 2024 and 2025.

- Dialysis Exhibition and Art Exhibition – project funded by Creative Scotland and Art in Hospital. Opening event 24th August 2025

The Museum

Since the museum opened in May 2022, we have had excellent feedback both verbal and via Trip Advisor. We have had 152 reviews in total with 149 rated excellent and 3 very good. We have had positive feedback about our Smallpox Exhibition that has now been replaced with the current exhibition about renal dialysis with an Art project supported by Art in Hospital. A variety of work has been produced by patients attending for renal dialysis to produce the exhibition called 'Sunshine on a Dull Day'. The art exhibition is on display in the newly refurbished medical block foyer.

The museum is staffed by an ever-expanding pool of volunteers that has allowed us to extend our opening hours on Tuesday to Friday 11am to 3pm and Saturdays 12-4pm. We happily take groups on private tours and if we are available will always open for visitors at other times.

Music in the Museum

We were delighted to present a year long series of lunchtime concerts supported by the Hugh Fraser Foundation and Creative Scotland. The Resol Quartet became our resident artists played debt works by emerging composers inspired by Glasgow Royal Infirmary alongside music to illustrated it's cultural and historic context.

Visitors enjoyed diverse music throughout the year from Indian Sitar to Scots Fiddle, Baroque to Contemporary and a unique chance to hear the Baroque musical depiction of surgery from the court of Louis XIV along with a modern reflection of anaesthesia by [REDACTED].

Archives

We continue to have help from 2 graduates from the Museum Studies course who help with archiving our collection that is now available to view on www.ehive.com. We have had many wonderful donations of items including a teapot made by Cumnock pottery as a gift to Nurse Campbell ward 17 in 1898.

If you have any items that you think may be of interest, please email us at info@friendsofgri.org

The Medicinal and Biodiversity Gardens

The museum experience has been significantly improved this year when we officially opened the medicinal and biodiversity gardens including the Royal Infirmary. Part of the garden design includes artwork created by the schoolchildren at the local school St Mungo's.

We had additional help this year from Evelyn Partners when 10 volunteers joined us on 28th March 2025 to help plant out and weed the gardens in preparation for the summer. New signage and planters were installed, and we have had continued support and advice from [REDACTED] from the Botanic Gardens. Members of the Greyfriars community gardens on High Street have helped us with the garden maintenance and have solved our water issue by donating a couple of water butts.

In the adjacent cemetery, we helped members of the Trades House plant pear trees to celebrate the history of the pear tree in Glasgow.

We have been awarded a grant from Glasgow City Council to renovate the sentry box and create a wonderful Bee trail highlighting the important historical stories of this area. This will form a major piece of work for 2026.

Bees

Our bees have been a great success due to the excellent summer weather. We continue to run a sponsor a bee programme that is available via our website. We have our annual honey sale in December.

The medicinal garden and newly planted biodiversity garden will be an additional source of food for our bees in the coming year.

We have had a lovely donation of a Bee Hotel from FourPly [The Apprentice & The Bee - FourPly](#) for our medicinal garden. Solitary bees are important to our environment as 1 solitary mason bees equates to the pollination capacity of 120 Honeybees

Funding and Financial Review

The charity continues to be funded through donations, sales of honey and merchandise, and grants from supportive organisations. In 2024–25, FoGRI received funding from Creative Scotland and the Hugh Fraser Foundation to support the music programme, and contributions from Evelyn Partners and private donors for garden projects.

Financial statements for the year ended 31 March 2025 will be presented separately.

Reserves Policy

The Trustees aim to maintain sufficient unrestricted reserves to ensure stable operations and cover at least six months of essential running costs. Any surplus is reinvested into heritage preservation, education, and public engagement.

Future Plans

Plans for 2026 include developing the Bee Trail project, launching new educational resources, and expanding our digital archive.

We will continue to collaborate with local schools, universities, and heritage organisations, and pursue additional grant funding for museum improvements and community programmes.

Trustees' Responsibilities and Approval

The Trustees are responsible for ensuring proper financial management, safeguarding the charity's assets, and preparing accurate annual reports in accordance with OSCR requirements. This report was approved by the Trustees on 19th January 2026 and signed on their behalf by:
