Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of citizenship or community development', 'the advancement of the arts, heritage, culture or science', 'the provision of recreational facilities, or the organisation of recreational activities, with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended', 'the promotion of equality and diversity'

What the charity does: EDUS Educational Society supports Polish and multilingual families, children, teachers and local communities in Scotland through educational, cultural and social initiatives. Our aim is to promote equal access to education, support bilingual children, strengthen cultural identity and improve the quality of Polish supplementary education abroad. We organise conferences, training sessions and workshops for teachers, parents and children. Over the past year we organised a Teachers' Ball attended by around 250 teachers from Polish schools across Scotland, creating opportunities for networking, wellbeing and professional exchange. Our activities also included workshops for teachers on bilingual education, child protection and inclusive teaching practices, as well as workshops for parents raising bilingual children. We delivered historical and cultural workshops, children's rights education sessions and organised the debate "Two Languages – One Generation", focused on multilingualism,

Beneficiaries: 'No specific group, or for the benefit of the community'

The EDUS Educational Society is an umbrella organization associating Polish Supplementary Schools in Scotland. Our mission is to support education in the Polish language, history, culture, tradition and Christian values of children and young people in Scotland.

Our goals:

- 🎯 Support for Polish Schools
- 🎯 Promotion of Polish language education among the Polish community in Scotland
- 🎯 Organization of training and conferences for teachers
- 🎯 Workshops for students and parents
- 🎯 Creation of the EDUS Examination Center for children from all over Scotland to take Polish language exams at GCSE and A-level.

We launched a new campaign with General Consulate of Poland in Edinburgh called #I know who I am in November 2023.

The aim of the Campaign is to show the importance of maintaining children's knowledge of the Polish language and thus supporting their bilingualism.

The aim of the campaign is to promote bilingualism and learning Polish in Polish schools located in Scotland.

Highlighting the benefits of speaking two languages in an accessible and clear way.

The campaign's addressees include:

Polish families with children aged 0 to 18 who hesitate whether to send their children to Supplementary Polish School or their children attend the Polish School, but the parents are not convinced about its advantages.

Parents who are not aware of how much they do for their children when they give them their native language from birth. As well as highlighting the advantages of passing A-level and GCSE exams for young people aged 12-18.

Do you know why it is worth enrolling your child in a Polish School? Here are some of our ideas:

- Acquiring cultural identity - it is always worth knowing and understanding your origins
- Better contact with relatives from Poland
- Possibility to take GCSE and A-level exams - additional points for studies
- Passing the A-level exam also gives you the opportunity to study in Poland
- Polish is an additional, unique competence on the future market
- Your child may be bilingual
- At the Polish School you can make lifelong friends!
