### 3. Structure, governance and management

Current Constitutional Form: SCIO (Scottish Charitable Incorporated Organisation)

### 4. Trustees' reports

The Trustees are pleased to report that during the period ended 31st July 2024, our Charity has successfully accomplished all commitments to provide for animals desperately in distress by providing food, shelter, and loving care, with the availability of veterinary treatment where necessary and with the aim of encompassing them into our re-homing or rehabilitation programme.

### 5. Achievements and performance

ODD Animals Rescue was established in 2020 by a group of volunteers who shared a common vision: to help the most vulnerable and overlooked animals.

#### 5.1. Why are we different?

Because we acknowledge that not every dog or cat is a pet, but we also believe that every dog and cat deserve a chance no matter the age, health state or if they are a pet or not. For this goal to be achieved in an environmentally sustainable way we must act **locally**.

Therefore, we took over a rundown and overcrowded shelter in Brasov, Romania, in autumn 2020 and 35 of its permanent residents, our 'forgotten dogs'. We continued our rescue work in the community and in July 2023 the shelter accommodated 55 dogs from which 38 are non rehomingable (permanent residents) due to either behaviour issues either terminal illness.

Although this financial year was a very challenging year for us due to the unexpected passing to one of our key Romanian team members, we continued to improve the living conditions in the shelter and we managed to:

- poor new concrete floor and repair the roofs on a second block of kennels (the right block)

- our biggest achievement in this financial year was the finalisation of sewerage system and surface waters collection in the shelter

5.2 We also believe that one cannot treat the symptoms instead of the cause. And our most valuable project is the Free Neutering Campaign in the local community.

The only way to stop the stray population is to neuter, neuter and neuter some more in the rural areas. In our fourth year of activity, we managed to neuter through our program, together with our partners BetoVet veterinary clinic, 60 female dogs and 84 female cats with or without owners. It might be a drop in the ocean, but it is a start and in four years of activity we spayed 287 female dogs and 664 female cats.

### 5.3. Rehoming activities

Although our main focus is to improve the life of the non-adoptable dogs (either because of behavioural issues either because of their health) who have no future without our sanctuary and dedicated volunteers team, we also have a rehabilitation and rehoming program.

In our fourth year of activity we rehomed from Romania 7 dogs and 3 cats in the the UK and 1 dog in Romania. We also rehomed 1 dog and 1 cat that we already had in foster in the UK.

### 5.4. Animal welfare campaign

We actively campaigned through our social media page

*ODD Animals Rescue*, the group associated and posters at our partner vet clinic in Romania for the importance of neutering the dogs and the cats.

We promoted and encouraged our followers to sign petitions aimed to improve the animal welfare in the UK, most notable being *Tuk's Law*.

We constantly promote materials from reputable sources regarding training, responsible ownership and general health and care of a pet.

### 5.5. ODD Animals Rescue in the UK community

In June 2022 we opened a charity shop in Kirkwall. The charity shop was very well received in the community and it continued its activity.

However the biggest impact in the community had the creation of a Pet Foodbank. The project was the initiative of our charity shop manager [REDACTED] in 2022 and it provides now constant support for pet owners who are struggling financially and can't afford to feed their pets.

## 6. Financial review

Our slightly reduced activity during this financial year reflected in the reduced amount of fundraising activities also and, consequently in the income generated.

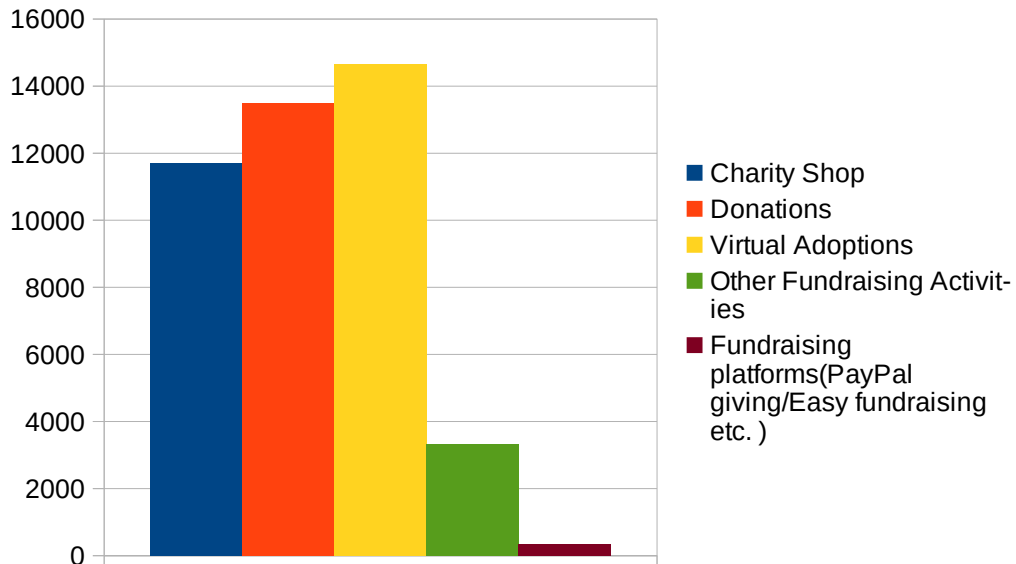

Our main source of funding shifted again in this year of activity from income generated by the charity shop to an almost equal distribution between charity shop, one off donations and virtual adoptions (which are monthly recurring donations).

While we are a little concerned in the income decrease from the charity shop we are very pleased to have secured one third of our income in monthly donations. This offers us more financial stability and the ability to plan for the future.

Chart 1: Funding distribution after expenses

Like in the previous years of activity our main expense remains the daily operations of the sanctuary in Romania.

## Trustees' Annual Report 1<sup>st</sup> August 2023 to 31<sup>st</sup> July 2024

### 7. Reserves policy

The trustees' policy is to retain 1 month worth of normal running costs to meet commitments and to cover any unexpected expenditure.

### 8. Plans for future period

The trustees intend to continue to develop the services that we provided in our first years of activity and we are looking for ways to extend our impact in the local Orkney community.

We will continue our efforts for neutering animals through our Free Neutering Programme with the hope that we will be able to extend this vital public service to other locations.

Our second goal for the next financial year is to continue our work of improving the shelter and to create a high standards sanctuary for animals in need by adding floor tiles and heated dog houses in all the blocks of kennels.
