Activities

Activities: 'It makes grants, donations or gifts to organisations', 'It carries out activities or services itself'

Purposes: 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: We continue to carry out rainwater harvesting projects on islands worldwide by finding donors to help us finance the project. With the help of our partners on the field, we find the communities which will be helped, and when all is in order, the chairperson goes to the field to distribute the tanks and start the follow up process of taking pictures and having a proper list of who is overseeing each tank..

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: The association's objects are: To locate islands and very remote villages worldwide which are in extreme need of procuring clean drinking water. and to help them meet this need by (permanently) lending them 1000liter rainwater harvesting tanks.

Geography

- **Main operating location:** Outwith Scotland
- **Geographical spread:** Overseas only
