## Activities

---

**Activities:** 'It carries out activities or services itself'

**Purposes:** 'the advancement of health'

**What the charity does:** The aim of the charity is to establish the Trieste model of mental health treatment and recovery in Scotland. To this end, we are working to establish a pilot 24/7 walk-in community mental health centre (Joshi Hub) in Inverness/Highland, or elsewhere in Scotland. To do this we are collaborating with like-minded parties to find a location and to work with to raise funds.

**Beneficiaries:** 'No specific group, or for the benefit of the community'

**Objectives:** 2. The association's objects are: a) To improve the health of the people of Scotland, particularly mental health b) To raise public awareness about mental health, with the aim of achieving better long-term outcomes for individuals and the communities in which they live. c) To lobby the government to provide funding aimed at restructuring Scotland's approach to mental health and encourage them to think about mental health holistically.
