Charitable Purpose

TreeLink Stirling's constitution states its charitable purpose as "*the advancement of environmental protection.*" Our purpose is put simply as "*Connecting Trees and People*".

TreeLink Stirling was formed in 2020 by a group of Stirling residents who were brought together by their appreciation of the significant contribution that trees and woodlands make to mitigating the intersecting climate, biodiversity and health and wellbeing crises. The founders saw an opportunity to help people to work together and with the local council and other organisations to improve tree-cover and connectivity across the region to the benefit of all.

Mission

TreeLink Stirling's mission is "To increase the quality, connectivity and extent of Stirling's trees and woodlands and to improve recognition of their importance and value for our communities and our environment."

Structure, governance and management

TreeLink Stirling has a written constitution and is registered as a Scottish Charitable Incorporated Organisation. It is managed by its volunteer trustees and has no paid staff.

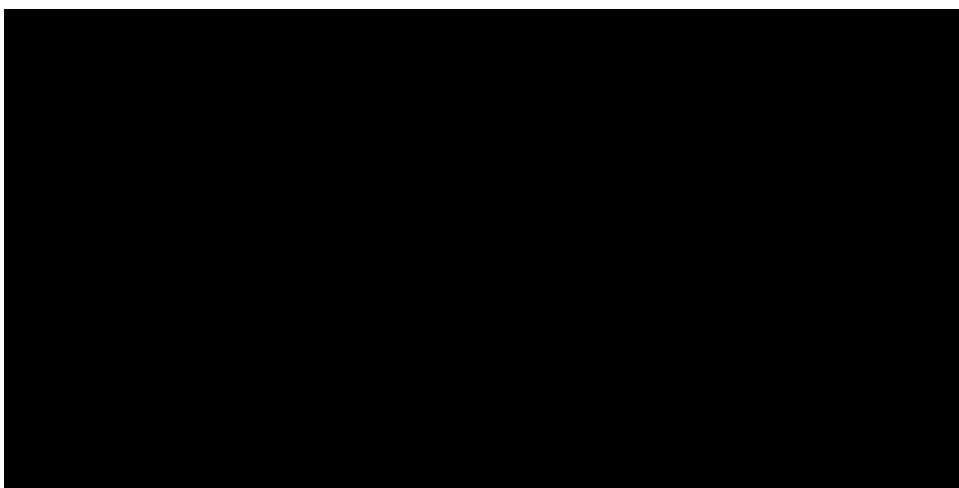

At the end of March 2025 TreeLink had 68 paid-up members, 72 registered volunteers and 224 subscribers to its quarterly newsletter.

Trustee recruitment and appointment

All members of TreeLink were invited to consider putting themselves forward for election to the board of trustees at the Annual General Meeting. It was not necessary to hold a formal election as the maximum number of trustees had not been achieved. During the year three new trustees were co-opted.

Newly elected or appointed trustees are offered an induction into the charity procedures, informed of their responsibilities as charity trustees and sign a declaration to uphold the Scottish Third Sector Governance code.

Charity Trustees 2024-25

Key Achievements 2023-24

During the year April 2023 to March 2024 the key achievements have been:

The TreeLink Tree Nursery has been extended by building two large enclosed raised beds. The well-established team of volunteers continues to provide excellent support. The trustee responsible for co-ordinating the nursery has networked with other community tree nurseries, attended training sessions and reviewed practice including bio-security.

The nursery grew over one thousand trees which were planted in several community locations.

Free Trees Schemes *The Free Trees for Babies* project ran for a third year and provided over 120 trees to almost 100 families. The *Free Nut & Fruit Tree* project delivered 200 trees to homes in Bannockburn and Raploch.

The Crown of Trees Much of TreeLink's tree planting and woodland management was associated with developing the Crown of Trees.

During the summer of 2024 six guided walks along the walking route were held. During the winter over 1,200 trees were planted in eight locations. All the 3,000+ trees planted in the previous year were checked, mulched and tended. Eight volunteer sessions were held clearing invasive Himalayan Balsam from Balquhiddelock Wood.

Work has been started on the feasibility of a "Nature Loop" on the River Forth at Kildean on the route of the Crown of Trees.

Speaking Up for Trees The Spring and Autumn Gatherings highlighted key issues and developments. TreeLink has worked hard to influence policy, especially through our work supporting Stirling Council to develop its Tree and Woodland Strategy. Some of TreeLink's work is aimed at involving people with trees and woodlands, for example the very successful summer TreeLink Art Competition and the subsequent exhibition at the MacRobert Centre

Governance and Administration The constitution was revised and members voted to introduce an annual membership fee. Policies which were due for review were updated. Improved software security and file sharing facilities we introduced.

Scotland's Finest Woods Awards TreeLink was delighted to be Highly Commended in the Small Community Woodland category.

Nature and purpose of funds

TLS has ongoing commitment for completion of existing projects and the Trustees have set a budget for 2025-26 that makes provision for a £3000 reserve fund to ensure the charity has sufficient funds to cover core cost for a period of 3years. It has also created a 'Community Opportunity Fund' of £5000 to provide flexibility in considering low cost ad hoc community tree planting projects without needing to secure additional funding first.
