Financial review

Our primary focus has continued to be service to the community and we have again delivered cardiopulmonary resuscitation training to over 5,000 people. As part of our service we have also installed a number of new defibrillators and we maintain the majority of defibrillators in our community replacing the essential pads and batteries whenever required.

Although our focus has been on community service, we have raised sufficient funds to support our defibrillator costs and also to make a range of both local and international donations.

Total receipts were £11,365.91 and expenditure amounted to £4,686.75. This resulted in a surplus for the year of £6,679.16 and at the end of the year a balance of £9,755.10 was carried forward. This balance comprised restricted funds of £7,972 for defibrillators and defibrillator signage and free funds of £1,783.10.
