## Activities

---

**Activities:** 'It carries out activities or services itself'

**Purposes:** 'the advancement of public participation in sport','the provision of recreational facilities, or the organisation of recreational activities, with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended'

**Beneficiaries:** 'No specific group, or for the benefit of the community'

**Objectives:** 4 The organisation's purposes are to consist only of one or more charitable purposes and to provide public benefit within Scotland by way of the following charitable purposes: (a) 4.1 to advance public participation in sport by providing an ideal location for people to partake in outdoor activity, primarily mountain biking, gravel riding and walking. Through the continued development of an exceptional trail network and hopefully the construction of a pump track aimed at all levels of ability we hope to further increase public participation in off road cycling. The appeal will be to all levels of skill from families and young children through to riders involved in national and international competition. 4.2 to provide recreational facilities, and organise recreational activities, with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended. We hope to achieve this by continuing to develop our network of trails and add things like a pump track and skills areas. As well as offering the opportunity to ride we hope to develop a club, have organised trail construction days that anyone can join and encourage skills development for all that participate.

## Geography

- **Main operating location:** Perth And Kinross
- **Geographical spread:** A specific local point, community or neighbourhood
