Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the prevention or relief of poverty', 'the advancement of education', 'the advancement of citizenship or community development', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: The Objects of the SCIO are: a. The prevention or relief of poverty, of those in need by reason of youth, age, ill-health, disability, financial hardship, or another disadvantage. Through the provision of facilities such as the supply of tools or books, payments of fees for instruction, examination or other expenses connected with vocational training, language, literacy, numerical or technical skills, travelling expenses to help the recipients to earn their living, equipment and funds for recreational pursuits or training intended to bring the quality of life of the beneficiaries to a reasonable standard. b. The advancement of education by organising and educating the public in a particular subject, for instance in Information Technologies IT - related courses, climate change, personal financial management, apprenticeship (including vocational training) and life-long learning, etc. c. The advancement of citizenship or community development. The advancement of citizenship or community development covers a broad group of charitable purposes. Ours is directed towards support for social and community infrastructure which is focused on the community rather than the individual. We aim to achieve this through promotion of volunteering opportunities such as: clean and green projects tailored towards cleaning and picking rubbish off the street, creating community libraries,

and computer learning centres, and provision of water facilities for community use
