## Charity Trustees

Name all of your charity trustees for the period, and the date they left if they were not in post for the whole year

## Objectives and activities

GMAG was established to protect Galloway from irresponsible mining, prospecting and development and advance environmental protection through conducting research, providing information and , communication in order to make representations in response to mining applications and support the community and other stakeholders to do so

Since receiving OSCR approval mining activity within Galloway has reduced as a result of the company concerned apparently focusing on its operations elsewhere. Initial research into a range of regulatory issues has been carried out and responses made to relevant consultation documents on planning, land use etc.

## Structure, governance and management

GMAG is a Tier 1 SCIO and its governing document follows SCVO guidance.

There are 7 trustees as indicated above

## Achievements and performance

Mining activity within Galloway has reduced since inception of GMAG and it has not been necessary to be proactive in the public sphere. The focus of our work continues to be research, responding to relevant consultations and maintaining a watching brief on prospective mining activity locally.

## Financial review

There has been no financial activity since inception as no costs have been incurred and no income received.

## Future plans

We will continue to maintain a close watching brief on proposals for mining activity within Galloway and respond accordingly. We will also make responses to public consultations where relevant to our sphere of activity.

## Declaration

Signed on behalf of the charity trustees:

Print name

Designation

Secretary

Date

28 October 2024
