Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of environmental protection or improvement', 'the advancement of animal welfare'

What the charity does: provide ropeless fishing gear

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: The organisation's purposes are: The advancement of animal welfare by preventing the entanglement of marine life in fishing gear. The advancement of environment protection by removing vertical ropes and buoys from the water column. To support and promote the education and use of these technologies to fishing communities, fisheries management, scientists, and the general public.

Geography

- **Main operating location:** Moray
- **Geographical spread:** Scotland and other parts of the UK

Accounts

2024-2025 Annual Financial Report

Due to the unforeseen event, and our American trustee and subject matter expert being unable to send documents required by the bank, we have been unable to set up an account. As such Sustainable Seas Technology Scotland has not traded this year. This means we have no financial report to file for this period.

If you require any further information, please don't hesitate to get in touch.
