## Objectives and activities

Charitable purposes

To relieve the needs of bereaved families/parents who have experienced the loss of their child/children from stillbirth, neonatal death, (late foetal death and post-neonatal death). We will look to further this by providing weighted and personalised teddy bears, increasing awareness of infant loss through various fundraising activities and by providing signposting for bereaved families/parents to enable them to receive appropriate care and support.

Summary of the main activities in relation to these objects

We manufacture and deliver weighted teddy bears to bereaved families. The teddy bears are personalised to the babies birth or death weight and can be embroidered with the babies name and date of birth if the family chooses.
