Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of citizenship or community development', 'the advancement of the arts, heritage, culture or science', 'the advancement of environmental protection or improvement'

What the charity does: The significant activities that contribute to the achievement of objectives for the year were: the scoping and preparation of a substantial river restoration project on the Allt Mor (River Gynack), involving the stabilisation of significantly eroded hillside scars in the upper reaches of the tributary. the scoping and preparation of a landscape-scale tree planting project along the River Conglass and its tributaries. building the capacity of the organisation. negotiating and completing scoping, planning and delivery of a small riparian woodland project at Auchnascrew in the Braes of Glenlivet. scoping, planning and delivering a riparian tree planting project along the upper River Truim near Dalwhinnie. scoping and planning a montane woodland planting project near Cairn Gorm Mountain. continuing to develop a potential Landscape Enterprise Network within Speyside. regular reporting of progress on the above to the partners within the charity. and raising awareness of our work.

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: The organisation has been formed to demonstrate and deliver integrated catchment management by protecting, restoring and enhancing the features and characteristics of the River Spey catchment, with the following purposes: 1.1 To advance the environmental sustainability and resilience of the

whole of the River Spey and its catchment. 1.2 To develop a cohesive and sustainable approach to landscape scale stewardship of the water environment, including the protection, restoration and enhancement of the water quality and natural heritage of the whole of the River Spey catchment. 1.3 To advance environmental improvement and/or protection including, but not limited to, preservation and conservation of the natural environment, conservation and protection of wildlife and natural habitats, promotion of sustainable development including natural flood management, renewable energy generation, and supporting sustainable consumption of energy and other resources. 1.4 To promote education and raise awareness and understanding of the whole River Spey system by engaging stakeholders and communities within and throughout the catchment, including organising or supporting others to organise meetings, lectures, conferences, seminars, broadcasts, training or any other form of educational instruction. 1.5 To support the advancement of heritage and culture, including but not limited to restoring and preserving historic sites, traditions, crafts, skills, language, artefacts, exhibits and of their associated background and history. But such that the charity shall do so following principles of sustainable development.
