Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: Homeless Project Glasgow is set up to support people experiencing homelessness by meeting immediate needs while helping individuals move towards safety, stability, and long-term solutions. We do this by providing direct, frontline support to people who are rough sleeping or at risk of homelessness, delivered with dignity, compassion, and respect. Our work includes operating a volunteer-led night shelter, delivering hot meals and essential supplies, and carrying out street outreach to engage people who may not be accessing services. Alongside this, we advocate for individuals, helping them navigate housing systems, access healthcare, welfare support, and connect with statutory and third-sector services. We work in a trauma-informed, person-centred way, building trust through consistent support. Our charity is rooted in lived experience and community action, ensuring people are not left alone and are supported to move forward at their own pace.
