Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of health', 'the saving of lives', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

What the charity does: DriveAbility Scotland provides medical fitness to drive assessments on behalf of the Driver and Vehicle Licensing Agency (DVLA), supporting decision-making related to driver licensing. The service also assists Motability customers who require guidance on driving and vehicle adaptations. Additionally, a number of individuals choose to self-refer to DAS, particularly where NHS-provided assessments are unavailable or where significant travel would otherwise be required to access that service. In addition to driver assessments, DAS offers a range of complementary services, including passenger access assessments, vehicle seating solutions, and bespoke driving tuition. The organisation also provides information and advice on mobility and disability-related matters through telephone and email support, ensuring a holistic approach to promoting independent mobility for disabled and older people across Scotland.

Beneficiaries: 'Other defined groups'

Objectives: The Charity's Objects are specifically restricted to the following:- 2.1 the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage, 2.2 the advancement of health, 2.3 the preservation and protection of life by promoting the improvement of standards of driving and road safety.

Geography

- **Main operating location:** Glasgow City
- **Geographical spread:** Operations cover all or most of Scotland
