Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of environmental protection or improvement'

What the charity does: To coordinate and facilitate research activities around the topic of small islands studies around the world.

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: The Association's objects are: (a) The advancement of environmental protection or improvement through the study of islands and critical discussion on island affairs, including (but not limited to) matters dealing with survival, sustainability, islandness, smallness, insularity, resource management, vulnerability, resilience, migration, the environment, the culture and the nature of island life. (b) To advance education by generating interest in the study of islands, especially amongst those who hail, from, work in, are associated with, or whose decisions have an impact on small islands, their residents and small island life generally.

Geography

- **Main operating location:** Shetland Islands
- **Geographical spread:** UK and overseas
