Activities

Activities: 'It makes grants, donations, loans, gifts or pensions to individuals','It makes grants, donations or gifts to organisations','It carries out activities or services itself'

Purposes: 'the advancement of environmental protection or improvement'

What the charity does: Nescan Hub is a community-led charity dedicated to driving climate action and a just transition in North East Scotland. We empower communities to understand climate change, increase biodiversity, and build resilience through climate literacy training, workshops, events, and initiatives like Climate Week North East and Envirolution Aberdeen. We provide tailored 1:1 support, seed funding, and funding advice to help community organisations create sustainable projects. As part of a partnership, we deliver a £1m Just Transition participatory budgeting fund across Aberdeen, Aberdeenshire, and Moray. With over 400 members, we foster peer learning, democratic processes, and advocacy, ensuring community voices influence policy and decision-making. Our work combines education, collaboration, and practical support to enable communities to take meaningful climate action and shape a healthier, sustainable future.

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: The advancement of environmental protection and improvement, and in furtherance of this to develop awareness and understanding among people and organisations in Aberdeen and Aberdeenshire of climate change and biodiversity loss and to encourage positive action to mitigate and adapt to their impact.

Geography

- **Main operating location:** Aberdeen
- **Geographical spread:** More than one local authority area in Scotland
