Coaching sessions are held weekly between March and October each year and may also take place outwith those times, by individual arrangement. Pupils are expected to study advanced driving theory, using the police manual 'Roadcraft' and other materials supplied by the club. They may sit an internal club test and, if successful, be provided with further coaching towards the RoSPA Advanced Driving Test, which is conducted by a RoSPA-appointed examiner. Group sessions on advanced driving theory (usually on a particular topic) are also held from time to time. These are led by Approved/Advanced Group Tutors within the organisation or external tutors of at least the same standard. There is an annual competition day at which members can test their theory, car-handling skills and on-the-road driving ability.

## APPENDIX 3

### Disclosure section

Only complete if the examiner needs to highlight material problems.

Give here brief details of any items that the examiner wishes to disclose

The Financial Statement indicates that a substantial loss was incurred in the year under review.

This is obviously not acceptable in future years, but the following factors explain the loss.

1. SRUC did not invoice for rent of the premises in the previous year, but this year's charge is for 18 months.
2. The website fee is higher but covers three years.
3. Club clothing is a one-off item and will not be repeated.

These items together more than cover the loss.
