Auchterarder and Aberuthven Connected (A&A Connected) became recognised as a charitable organisation on 22 August 2024 and this report covers activities up to and including the end of the first financial year on 31 March 2025.

However, from a financial perspective, this report covers the period between 07 March 2025, when a bank account in the name of Auchterarder & Aberuthven Connected was set up, and the end of the first financial year.

Between 22 August 2024 and 07 March 2025, A&A Connected had been kindly supported by another local charity, Auchterarder Community Sports & Recreation (ACSR) (SCIO No SC048490), who facilitated banking transactions. When the A&A Connected bank account was opened, the sums discussed below in the Financial Review section were added to this account and the narrative explains the source and detail of the transactions.

Funds are used by A&A Connected to progress projects relating to our charitable purpose.

CHAIR'S REPORT

Welcome to the first Annual Report of A&A Connected.

Background

Our journey to this point began in September 2021 when a Steering Group was established, led by Denise Jackson MBE and supported by Auchterarder Community Sports and Recreation (ACSR) - comprising of 15 volunteer members, representing a cross section of the communities of Auchterarder and Aberuthven. The goal - to create a Community Action Plan - which involves community groups and organisations having community conversations leading to clear and detailed plans for how to improve services, the local environment and/or the local economy.

Between November 2021 and March 2022, residents of both communities contributed to a comprehensive consultation. Information was gathered from 751 community views surveys, 48 community group/organisation interviews and two well attended 'community views' open days.

In April 2022 everything was summarised in our Community Action Plan (CAP) 2022-2027, an important document which outlines the needs, aspirations, and priorities of Auchterarder and Aberuthven. During this time a Community Connector role was established - the employment of Ang Laurie in this position has been key to advancing the Plan and bringing it to a wider audience.

The feedback that informed the content of the CAP was collated into 6 themes – and associated priorities - that A&A Connected work to facilitate and advance, which define our purpose and which we report against. The six themes are:

- A Healthy and Connected Community
- Roads, Traffic & Transport
- Heritage, Arts and Culture
- Environment and a Greener Community
- Local Services and Housing Development
- Town Centre and Local Economy

The Steering Group continued to advance the CAP throughout 2023 into 2024 and, with ongoing support from ACSR Trustees and their Project Manager Tim Hart, maintained funding for the Community Connector role.

In August 2024, following extensive engagement with the Scottish Charity Regulator (OSCR), we were formally constituted as a charity in our own right.

Achievements and Performance

Our first year as a charity has seen many positive milestones under our key priorities, working with a range of community groups, to facilitate action. Where this has not been possible, we have endeavoured to undertake the work ourselves, by coordinating action within our own volunteer base.

What follows is a summary of the main activities in relation to our charitable purpose within this timeframe.

Sustaining improved community opportunities for residents to have healthy lives and to feel connected within the local community and raising awareness of volunteering opportunities for local people and how they can get involved.

- In October 2024 we secured funding to facilitate the Cosy Spaces 2024-2025 Winter programme, connecting 15 groups to provide a range of activities promoting social inclusion. These included sessions for young people, for older people, art sessions, sport sessions, “soup and a cuppa” programme that ran twice weekly over the October to April period. The Council’s Warm Welcome funding also allowed the Auchterarder Town Bus to operate on Wednesdays during the winter programme.
- Throughout the year Our Community Connector has created and distributed a monthly “What’s On” summary of community activities/meetings including a wide range of sessions supporting mental and physical health and wellbeing. The Regular newsletter / What’s On / Facebook and Website updates also highlight when, where and how people can participate in groups and volunteering sessions - all which contribute to our charitable purpose and fed into the delivery of the CAP. The Community Connector also actively promoted other community initiatives such as the Auchterarder Town Bus Service and the improved bus-rail integration at Gleneagles Station.
- February 2025 saw the inaugural “Connected Community Fayre” event which was organised by Ang Laurie. This event successfully linked residents with 40+ local groups, fostering new connections and encouraging community participation. It also provided a platform for a volunteer recognition award ceremony, organised by the Perth & Kinross Council (PKC) Community Learning & Development Team. The subsequent award ceremony and display of certificates by community groups highlights the positive impact on volunteer morale and recognition, and the partnership approach, that we are fostering between the CAP and PKC
- Between September 2024 and March 2025 our charity connected local community groups with Tayside Biodiversity Partnership to explore a range of volunteer projects around the subject of enhancing our community green spaces. This commenced with a Biodiversity mapping session in November and led to projects involving a range of local groups including, but not limited to, the local Scout and Rainbow groups, ACSR Green Spaces Group, Allotment Association, and local church groups. It also involved individual participation in tree planting sessions and the creation of a pollinator pathway, and two community orchard areas. As a result of this, the town has been awarded the accolade of being a ‘Biodiversity Town’ in recognition of the enthusiasm and hard work of the local volunteers.

Acting as co-ordinating body to carry out consultations and effectively respond to key issues in our local community and actively providing a voice for the local community to share opinions about the local area.

- Local Development Planning Consultations. As an organisation we have worked to share details of PKC Local Place Planning consultations and LDP3 - both to prompt individual responses and to highlight views gathered during the CAP consultation.
- Addressing the Proposed Closure of our Library. Starting in October 2024 we helped bring people together, to address the issue of the proposed Auchterarder Library closure. Being able to respond to this issue drove the development of a cohesive group which has ensured that the voice of our community was heard clearly, and the outcome was a further two years library provision. We continue to support the conversations between community and the Culture Perth & Kinross/Council partners involved in this, with the aim of securing a longer-term, sustainable, solution.
- Addressing concerns about local traffic and parking. A&A Connected has facilitated and produced an Auchterarder Parking Survey 2023/2024 Report, led by the Traffic and Public Transport Working Group, to help understand the problem and explore evidence-based solutions. The report was published in March 2025 and has subsequently been shared with Auchterarder & District Community Council, the three local Councillors and key officers

within the Council. Recommendations include formal consideration of parking restrictions by the Council, the development of an all-embracing Parking Strategy (incl. road and pedestrian safety, further pedestrian crossings and more active travel options). Solving the issues around traffic and parking has the potential to create a broad benefit to our community.

Raising awareness of and provide opportunities to engage in local heritage, arts and culture.

- Our Community Connector regularly shares news and updates about events linked to the Local Picturehouse which has become a hub of cultural activity.
- Additionally, we have worked to support the initial investigation of a heritage trail within Auchterarder aligned with Rotary and played a role in identifying an unloved and vacant area now occupied by the Sandy Gunn Memorial.

Facilitating projects that contribute to a thriving local community, which may include infrastructure improvements.

- Kincardine Fields. Maintaining Kincardine fields as 'green space' was identified as a key priority within the CAP. A&A Connected have been a key driver keeping this on the communities radar - supporting the development of the Friends of Kincardine Fields Group, linking in with appropriate PKC community officers, sharing information around a November meeting to decide next steps, supporting the creation of a website information hub, and facilitating a group to come together to progress the idea of a Community Asset Transfer.

RESERVES POLICY

In the future, the Board - which maintains a prudent outlook - will look to build unrestricted reserves whenever financially feasible. This commitment would aim to help address the organisation's long-term resilience, enabling us to sustain programs and respond effectively to any unforeseen operational challenges.

PLANS FOR FUTURE PERIOD

We will continue to raise the profile of both A&A Connected and the CAP. Only by striving to improve awareness to increase volunteering and engagement opportunities can we continue to make an impact on the CAP priorities.

Key to this will be maintaining funding for our Community Connector to enable information sharing opportunities and co-ordination of group action. To support this, we will undertake a refresh of our website and develop improved branding and messaging.

This will help build on the work already achieved and springboard us towards producing, in close consultation with both Auchterarder and Aberuthven communities, Version 2 of the CAP (2027-2032), for which we will hopefully start delivery from late Spring 2027.

ACKNOWLEDGEMENTS

A&A Connected wish to acknowledge the donations and grants received, which has enabled us to progress community-based initiatives.

Additionally, we are very grateful for the on-going support from numerous groups and individuals from Auchterarder and Aberuthven in helping us deliver key actions from the Community Action Plan.

ACSR, and particularly Tim Hart, have underpinned the administration of our finances for much of the year - thank you.

Finally, we acknowledge the enthusiasm, proactive engagement and outputs of Ang Laurie, our Community Connector.
