Objectives: Meet & Mingle (East Lothian) is a support group for women founded in the month of May 2025. The purpose for this group is to give help, advice and support to ladies living with health conditions within our local community of East Lothian. These conditions include those living with chronic illness or are carers of people living with chronic illness. We also support and advise ladies living with mental health problems, those living with bereavement, menopause and other related problems. Our purpose is to make sure that these ladies know that they have someone always there for them. We also want to introduce professionals into our meetings to educate the ladies and help them navigate their problems and difficulties. Our main aim is to combat loneliness and encourage women to come together to support each other.
