Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the prevention or relief of poverty', 'the advancement of education', 'the advancement of citizenship or community development', 'the relief of those in need by reason of age, ill-health, disability, financial hardship or other disadvantage'

Beneficiaries: 'No specific group, or for the benefit of the community'

Objectives: The organisation's purposes are to support and serve its community and other organisations in the United Kingdom and around the world to assess, evaluate and meet the needs of those communities and make a positive difference in the lives of others. The charity seeks to enhance the living experience of individuals, families and "communities" both locally and globally by addressing issues of exclusion, poverty, marginalisation, lack of education, degeneration and general well being. It will do this through the following approaches. a) Community Inclusion Aligning itself with socially marginalised and disconnected people such as the very young, the elderly, those whose nationality may not be of United Kingdom origin, and those who have been set apart from society because of lifestyle choices and behaviours. The Foundation will seek to provide opportunities for acceptance, connection and/or integration back into a meaningful contribution to society. b) Community Regeneration Identifying opportunities where involvement and integration could bring about regenerative change. This will be in the areas of: • the physical environment where individuals, groups and families live. • the Emotional and/or psychological wellbeing of people bringing opportunities for life coaching and positive lifestyle choices, particularly in the areas of financial management, relational wellbeing and life controlling behaviours. and • the social fabric of communities including assisting with the establishment and maintenance of community activities for all ages particularly in the areas of children, youth, families and the elderly. c) Community Education Championing the provision of relevant, appropriate and lifelong education by: • providing a safe, secure and welcoming venue for educational activities to take place, ensuring that such activities are aligned with the vision and values of the Apex Community Foundation. and • providing educational opportunities for all ages, backgrounds and culturally diverse people in variable

aspects of living, to bring about not only enhanced personal self-awareness but also in the provision of new skills, tools for living and an improved understanding of life.
