Activities

Activities: 'It carries out activities or services itself'

Purposes: 'the advancement of education', 'the advancement of citizenship or community development', 'the advancement of the arts, heritage, culture or science', 'the provision of recreational facilities, or the organisation of recreational activities, with the object of improving the conditions of life for the persons for whom the facilities or activities are primarily intended'

Beneficiaries: 'Children or young people'

Objectives: The organisations purposes are: (a) The advancement of education of young people in Scotland, with a particular focus on supporting young people from the Muslim community and other underrepresented groups, while remaining open to all, through the provision of structured, age-appropriate programmes ranging from early STEM exploration to advanced robotics, artificial intelligence, programming, and engineering training, including through courses and workshops open to the wider community. (b) The advancement of citizenship and community development by developing teamwork, leadership, problem-solving, and communication skills through participation in national and international robotics competitions and related activities. (c) The provision of recreational activities which improve the quality of life for young people from communities with limited access to high-quality STEM education, by reducing educational inequality and expanding access to comparable high-quality opportunities. (d) The advancement of public understanding of science, technology, engineering, and mathematics by engaging with the wider community through events, outreach activities, and partnerships with schools, faith organisations, and community organisations.

Geography

- **Main operating location:** City of Edinburgh
- **Geographical spread:** Wider, but within one local authority area
